Chapter 10 Who will love me?

I remember this year National Art test question:

When the passage of time flows unnoticed, like a home without calendar or clock---you live day by day

Please choose the correct description (can be multiple-choice):

A. I do not know the year B. I do not know the time now C. Apathetic
D. All of the above

Please make a sentence with the answer you choose _____

After the test the students and the teacher laughed loudly saying this question was simple and giving away points------

Ha Ha Ha!!! I answered it wrong XD~~

Not only did I answer wrong, but I also made a stupid sentence XD~~

I think I know the answer now

I was abducted by a ghost to some ghostly place, living without knowing even what year it is. I do not know what day is today.

I know this sentence is rubbish..

NO OF PEOPLE VISITED 0 NO OF PEOPLE 0
